

Name: _____

Date: _____

1. Zoe cuts a paper square into HALVES. How many equal parts is that?

4

1

2

3

2. How many equal parts are in FOURTHS (quarters)?

8

2

3

4

3. Ivy cuts a pizza into 4 equal parts. These are called ____ (halves or fourths)

4. A cracker is cut into 2 equal parts. What is ONE of the parts called?

one whole

one third

one fourth

one half

5. A cracker is broken so the pieces are DIFFERENT sizes. The pieces are ____

unequal parts

no parts

equal parts

6. Ava cuts a tortilla into 2 equal parts and Mia cuts a SAME-size tortilla into 4 equal parts. Whose pieces are SMALLER?

Ava's (cut into 2 parts)

Mia's (cut into 4 parts)

the pieces are the same size

7. Ria splits a orange into 2 equal pieces. These pieces are called ____

wholes

unequal parts

halves

fourths

8. To make halves of a pie, into how many equal parts do you cut it?

4

1

2

3

9. To make quarters of a pizza, into how many equal parts do you cut it?

2

3

8

4

10. Ivy cuts a paper square into 2 equal parts. These are called ____ (halves or fourths)

11. A sandwich is cut into 4 equal parts. What is ONE of the parts called?

one fourth

one whole

one third

one half

12. An apple is cut so every piece is the SAME size. The pieces are ____

equal parts

no parts

unequal parts

13. Leo cuts a cracker into 2 equal parts and Noah cuts a SAME-size cracker into 4 equal parts. Whose pieces are SMALLER?

Noah's (cut into 4 parts)

the pieces are the same size

Leo's (cut into 2 parts)

14. Sam splits a sandwich into 2 equal pieces. These pieces are called ____

fourths

unequal parts

wholes

halves

15. How many equal parts are in HALVES?

1

3

4

2

16. Ava cuts a tortilla into 4 equal parts. These are called ____ (halves or fourths)

17. A pie is cut into 4 equal parts. What is ONE of the parts called?

one half

one fourth

one third

one whole

18. A paper square is cut so every piece is the SAME size. The pieces are ____

no parts

unequal parts

equal parts

Answer Key

1. **2 Halves** means a whole split into 2 equal parts.
2. **4 Fourths** (quarters) means a whole split into 4 equal parts.
3. **fourths** 4 equal parts are called fourths.
4. **one half** One of 2 equal parts is one half.
5. **unequal parts** Different-size parts are unequal parts.
6. **Mia's (cut into 4 parts)** More equal parts means each piece is smaller, so fourths are smaller than halves.
7. **halves** 2 equal parts are halves.
8. **2 Halves** means a whole split into 2 equal parts.
9. **4 Fourths** (quarters) means a whole split into 4 equal parts.
10. **halves** 2 equal parts are called halves.
11. **one fourth** One of 4 equal parts is one fourth.
12. **equal parts** Same-size parts are equal parts.
13. **Noah's (cut into 4 parts)** More equal parts means each piece is smaller, so fourths are smaller than halves.
14. **halves** 2 equal parts are halves.
15. **2 Halves** means a whole split into 2 equal parts.
16. **fourths** 4 equal parts are called fourths.
17. **one fourth** One of 4 equal parts is one fourth.
18. **equal parts** Same-size parts are equal parts.
