- 18.** A bookshelf has three levels. In the picture, a book is on the lowest level. Which shelf is a book on: top, middle, or bottom?

MathPracticePro

Answer Key

1. **bottom** A hat is on the lowest level, which is the bottom shelf.
2. **above** A lamp is higher, so it is above a window.
3. **above** A balloon is higher up, so it is above a kite.
4. **under** A cup is beneath the table, so it is under the table.
5. **in** A rabbit is inside the box, so it is in the box.
6. **in front of** The pig is ahead of the cat, so it is in front of the cat.
7. **right** An apple is on the right side.
8. **far** A tree is a long way away, so it is far.
9. **between** A yellow block has one block on each side, so it is between them.
10. **bottom** A jar is on the lowest level, which is the bottom shelf.
11. **above** A lamp is higher, so it is above a shelf.
12. **under** A cat is beneath the table, so it is under the table.
13. **out** A frog left the box, so it is out of the box.
14. **behind** The cow is at the back, so it is behind the duck.
15. **right** A flower is on the right side.
16. **far** A house is a long way away, so it is far.
17. **next to** Something right beside another thing is next to it.
18. **bottom** A book is on the lowest level, which is the bottom shelf.
